For 8 Generation

This template enables you to get a quick look at your family

The diagram illustrates a hierarchical tree structure with four parallel branches. Each branch starts with a sequence of nodes at the top, which are connected in a series of pairs. These pairs are then connected to a single node, which is further connected to a larger node. This process repeats, leading to a final summary node at the bottom. The structure is symmetrical and represents a parallel processing or data flow system.
