Subject: Request Letter For Work From Home Due to Pregnancy

Dear Sir/Madam

It has been my pleasure to be working with such a reputed organization for some time. I have been having a very insightful experience until now. With such a positive mindset and belief in this company, I have a request to make.

I am facing trouble traveling to the office to and fro due to my pregnancy. Also, it becomes a little more difficult to work in such a situation as my body fails to support such hectic traveling and schedules. Due to these difficulties, I would be obliged if I am given an opportunity to work from home.

It would be kind if you consider my request.

Thanking you,

Radhika
