Dear Ms.Rigel Koch,

I am connecting with you to provide a kind reference for my PH. D enrollment in Jawaharlal Nehru University for Neurology major. I am sure you can explain my knowledge that I gathered under your supervision during my Master's classes and the practical sessions. I am confident that your reference will help me increase my chances to get through the Ph. D program. I have attached a document with this mail that highlights my skillsets and the requirement for the major. Please feel free to let me know in case you are unable to refer me. For your information, Mr.Mohit Thakur will be contacting you for my details when you agree on the reference.

Thank you for supporting me.

Sincerely,  
Signature  
Jeanette Sharpe
