

# Recommendation letter for PhD Scholarship

Dear Admission Committee,

It is a pleasure to recommend <Name of the candidate> for a PhD programme in < course name> at <University name>. <Candidate's name> has completed her Masters and MPhil in <course name> from <University name>. I have known <name of the candidate> for the past two years as she worked under my guidance on the project titled <title of the project>.

I had a very healthy experience working with <candidate's name> on the project. He/ She/They has shown exemplary talent and inquisitiveness during the project. He/She/ They has also tried to expand the course beyond its discipline by actively engaging in other disciplines and has used the knowledge to bring more depth to the project.

During the project, <name of the candidate> has demonstrated the ability to both works individually and as a group. He/She/They actively participated in fieldwork and brought about a well done report of the same. <Name of the candidate> is good in communicating with people and has used this talent to add more substance to the research.

<Name of the candidate> was also awarded for the same project by the Head of our department and the paper was selected by an International Journal for publication

<Name of the candidate> is the best student that I have worked with. I strongly recommend you to select her/she/her for a PhD programme from <University Name>. He/She/They will prove to be an asset to your university.

Sincerely,

<Name of the Professor>

Professor

<Name of the Department>

<Name of the University>
