Hello Mr.Madhav,

This is to state that I have been working as a Senior Consultant in this company since three years. I have performed all through quite consistently in all of my projects here and have received internal and client appreciations more than once. I am always motivated in my work and try to deliver my level best.

This is my humble request for an increment in this financial year, as I think my current salary needs to be revised to match the market standards.

Please initiate my increment process in this regard and this will be a great help.

Sincerely,

Rahul Saxena
