Dear Imani Talley,

I, Bertha Riggs, am working in Syslog Management Group as a senior sales manager. I had completed my bachelor's degree in 2016 from St. Patricks College of Management Studies. I have been working in the company mentioned above for the last two years and have learned a lot during this tenure. I have a strong understanding of subjects related to management and business administration. I have also led several management study tours and projects in my college. My job profile has provided me with extensive and in-depth practical knowledge of the subjects which are included in the curriculum of your reputed college. Your reputed college is known for its excellent staff and exceptional infrastructure and facilities. I want to study here to give a strong boost to my career in the future.

Thanks in advance for going through my application.

Regards,
