Dear Luv Mohan,

It's been long that we have even heard of each other and it feels like that it was nothing between us. We have just become two strangers and once in life, we could not live without each other. So, after a lot of deep thinking, I took out the courage to write to you and tell you exactly what I am feeling. Since the beginning of our relationship in ----- (mention the date and time) we were madly in love with each other, then----- (mention what happened). There have been many hurtful instances between us ----- (mention the instances) where we did hurt each other and things got worse when -- ----- (mention the situation in detail). I know I was wrong, but at that time I could not think of anything else.

I just wanted to apologize to you for whatever I did, and I hope that you will forgive me. This will be my only last wish from you and I hope you will forgive me for this ----- (mention the reason). I hope you will understand me and I will be waiting for your reply on this.

Yours lovingly,
Justin Timberlake
