Subject: Sincere apology for resignation.

Respected Sir,

As I have already submitted my resignation because of the issues created against me, I have now realized that I shouldn't have done this. Sir, I am extremely sorry for such conduct and would like to continue my job. Can you please cancel my resignation and help me in getting my job back?

I promise that I will never repeat this attitude and would hold myself in control from now onwards. I assure you that I will do my best and will not give any chance of complaints. I surely need my job back sir. Please accept my apology.

I hope you will understand me and will consider my apology.

Thank you.

Sincerely,
