Dear Xyla Cash,

I Madeline Gregory would like to thank you for being a great mentor and connection to me. During my stay with you in ----- from ----- -- to ----- I have learned a lot from you about ----- (mention about the subject). You have been a great support to me in completing my ----- with you and what motivated me the most is your ability to handle all the difficult situations and still being positive in life. You have not only shared the right guidance but also taught many more thoughtful ways of handling things in life.

I can proudly say that I am more wise, matured and confident after meeting you and would like to thank you for being the best mentor to me.

Yours truly,
(Your Signature)
Madeline Gregory
