Dear Ina Moran,

I would like to thank you for being such a great husband and support to me throughout our years ----- of marriage. In recent years, I have been in situations where I needed support in terms of physical, mental and emotional care. Being my husband you have always been there for me and had also been a great husband. You have taken care of me in ways that I could not have imagined and especially when I needed it the most. Through this letter, I just wanted to thank you for being such a loving, caring and great husband to me always. I love you today and forever.

Yours lovingly,
