Dear Hedy Greene,

I have been waiting for this moment to write to you and thank you for everything that you have done for me since our marriage in ----- (mention the date). Throughout these years, I can proudly say that we have spent a lot of beautiful and cherishable moments together. All the beliefs and myths that we had in our minds are not there anymore and our bond has also matured beautifully. After spending ----- years together, I can happily say that I am happy to be married and I am proud of our relationship. Moreover, the way you have supported and cared for me throughout all these years has been a great source for me to be happy and cheerful.

Forever in Love with you,
