Dear Willow Hunt,

I Judith Floyd student of ----- (mention the school/institute name) is proud to have you as a mentor since ----- (mention the year) from ----- (mention the place/relation). I am writing this letter to thank you for being with me during the most difficult phase of my life. You have always given me the right guidance and teachings whenever I was facing a situation where I could not take the right decision and also felt disappointed and sad about everything that happened. And then you came and made everything look positive and good that just makes me feel more confident and supportive.

So, through this letter, I would like to thank you for being a mentor and someone I can look up to in every phase and situation of life.

Yours truly,
(Your Signature)
Judith Floyd
