Dear Zorita Anderson,

Greetings!

How are you doing? It's been a long I write something to you. You have been so kind as to check over me if I am fine or not. Thank you for this. Dad actually mentions you when we talk, so I also know pretty much of you. I heard about your show which was a grand success. Congratulations on that. I wish I could attend it, but I had my exams going on. I will see you on this Christmas.

Thank you for looking and taking care of my Dad. You take care too. You are being a good friend to us. Thank you so much for being a family now.

Take care.  
Jordan Calderon
