

Thank you Letter for Business Opportunity

Dear Mr. Ayush,

I am very glad to bring into your notice that we, as the member of ASK Builders are extremely thankful for the new business opportunity. I would like to tell you that our board of directors have very much liked the business model and we really see a generous level of profit in this particular model.

This business opportunity will definitely help us to grow as an medium level organisation and will definitely help you out as well. I promise to try our level best to keep up on our working standard and will not give you any reason to complain at any point.

I wish you all the best and I hope we will make it big in these upcoming days.

Thank you for believing us.

Sincerely,

Parth Pathak
