

# Apology Letter to Daughter From Dad

My dear cherry,

How are you doing dear? Hope you are fine. I love you a lot, my dear Aelia. I missed you very much last days. I know I didn't talk to you on a regular basis as I am too much busy with my work. But you should understand that I have so many responsibilities on my shoulders. I have to look after the whole family and these days your grandma is also not well. I couldn't find much time for you and didn't come to meet you. Please take care of your health and we will meet soon. Hope you did well in your finals. I wish you a successful life ahead and sending you my wishes and blessings for happiness in your life.

We love you and miss you here.

Much love,

Dad.
