Sub: Thank you letter

Dear Sir,

I was interviewed for post of teacher at your school during interviews in last week. I sincerely thank you for providing such opportunity. I would like to say that I believe in moral values of life and hence i find myself suitable for post of teacher as school life is meant to understand moral value apart from mainstream education. If you provide me an opportunity to work at your school then it would be great chance for me to prove my knowledge and i assure you best of my services.

Thanking you.
