Dear Sir/ Madam,

I am writing this letter with deepest regrets; I am extremely sorry for being rude to you during your class. My behavior was definitely very disappointing as you have only always done what is right for us students. Misbehaving with you when I was at fault for not paying attention and causing a ruckus deserves you asking me to leave the classroom. My back answers and attitude might have offended you a lot but I promise to behave well from now onwards. Please accept my apology as I assure you that this kind of behavior will not be repeated.

Yours faithfully,

(Ajay Singh)
