Subject - Excessive Noise Immersion

Dear, Miss Jasmine Holmes I'm writing this formal complaint letter to address the issue of excessive noise that has been coming out of your apartment lately. I want to inform you that this annoying voice is creating the significant inconvenience and discomfort for the other tenants of the building. So, I kindly approach you to keep the extra noise of music well within the control for the systematic coexistence with the neighbours. I expect you to follow the guidelines of society and do your part as a responsible neighbour and citizen.

Thanks & regards

Tom Curran
